THE MINISTER OF POWER (SHRI P M SAYEED) (a) No, Sir

(b) and (c) Do not arise in view of reply to (a) above

National Electricity Policy

2315 SHRIMATI VANGA GEETHA Will the Minister of POWER be pleased to state

(a) whether the National Electricity Policy has been revamped,

(b) if so, the details thereof, and

(c) the details of funding arrangements to meet to power requirements?

THE MINISTER OF POWER (SHRI P M. SAYEED): (a) to (c) A revised draft National Electricity Policy has now been formulated based on comments received on the previous draft and the objectives of the National Common Minimum Progamme. The views received from Stakeholders have also been taken into account.

Draft National Electricity Policy now formulated aims at achieving the objectives of providing access to electricity to all households in next five years, fully meeting the demand of electricity, making available supply of reliable and quality power at reasonable rates and increasing per capita consumption to over 1000 units by year 2012. It addresses the issues of rural electrification, generation, transmission, distribution, technology development, financing, private sector participation, energy conservation, promotion to renewable and non-conventional sources of energy, protection of consumers' interests etc.

Draft National Electricity Policy envisages stepping up public sector investments, both at the Central Government and State Governments. A sizeable investment from private sector is also envisaged considering the required expansion of the sector

Small Hydro Elecricity Projects

2316. SHRI SUDARSHAN AKARAPU: Will the Minister of NON-CONVENTIONAL ENERGY SOURCES be pleased to state.

(a) whether Government have devised any scheme to encourage Independent Power Producers for setting up of Small Hydro Electricity Projects in the country;

(b) if so, the details thereof;

(c) the number of such projects set up by private producers, State-wise, as on 31st March, 2004;

(d) the total capacity of power generated by these units;

(e) whether NHPC propose to purchase power from these private power producers; and

(f) if so, the details of power purchase agreements entered into by NHPC with the private producers?
